EDUCATION

- **Adventist University of Central Africa**
(BSc in Software Engineering);

Kigali, Rwanda
2018 - 2024

PROGRAMMING SKILLS

- **Languages:** JavaScript, TypeScript, C, SQL, NoSQL, HTML, CSS
- **Technologies and Frameworks:** ReactJS, NextJS, NodeJS/Express

EXPERIENCE

- **AmaliTech** Kigali, Rwanda
Front-End Associate - Full time
April, 2025 - Present
 - Completed intensive hands-on training in modern front-end development, with a strong focus on JavaScript, React, and Next.js.
 - Built and deployed dynamic web applications using Server-Side Rendering (SSR), Static Site Generation (SSG), and API routes in Next.js.
 - Integrated REST APIs and implemented secure authentication flows (e.g., token-based auth, session management).
 - Applied advanced component design patterns with state management tools and optimized performance for production.
- **Takit LTD** Kigali, Rwanda
Software Developer - Full time
May, 2024 - April 2025
 - Developed and maintained a comprehensive web application using Next.js and Firebase, featuring a robust blog and event management system.
 - Utilized Firebase for authentication, real-time database interactions, and cloud functions, ensuring high performance and security.
 - Ensured the website's responsiveness and compatibility across various devices and browsers.
 - Worked closely with stakeholders to gather requirements and deliver solutions that met business goals.
- **BrainHub** Remote
Full-stack Developer
March, 2023 - October, 2023
 - Gained hands-on experience with JavaScript and its frameworks, including ReactJS and NodeJS
 - Worked with databases like PostgreSQL and MongoDB to develop full-stack applications

PROJECTS

- **PM-thrive** I developed the PM Thrive website, a professional platform dedicated to delivering top-notch project management services and training
- **Talent Radar** TalentRadar is a comprehensive talent management application that allows users to assess their technical skills, especially in the field of software development. Built with modern web technologies, it provides an intuitive platform for skill evaluation and career development
- **Claoud insight pro** CloudInsight Pro is a full-stack cloud cost analytics platform built on a microservices architecture using Java, Spring Boot, and nextjs. The platform delivers real-time AWS spend visibility, predictive forecasting, tag compliance auditing, and anomaly detection. It supports role-based access and enables teams to manage cloud financials in alignment with FinOps best practices.

CERTIFICATIONS

- **Cisco Networking Academy** Networking Essentials

ACCOMPLISHMENTS

- Self-taught programming languages and frameworks, including JavaScript, TypeScript, React, Nextjs, NodeJS, etc through online resources

LEADERSHIP EXPERIENCE

- Collaborated with a team of developers to lead a web application development for Amalitech , ensuring cohesive teamwork and alignment with project goals.
- Acted as the main developer, taking ownership of the app's design, development, and deployment phases at Amalitech
